Information to participants

This experimental work is conducted within the NOVA Laboratory for Computer Science and Informatics (NOVA LINCS). NOVA LINCS is a new unit of the national Science & Technology network in the area of Computer Science and Engineering, launched in 2014/2015, and hosted at the Departamento de Informática of Faculdade de Ciências e Tecnologia of Universidade NOVA de Lisboa (DI-NOVA), a leading academic department in Portugal.

All information stated as part of this experiment is confidential and will be kept as such.

Prof. Miguel Goulão is responsible for this experiment and can be contacted at: mgoul@fct.unl.pt; +351 21 294 85 36 (ext. 10731); Office: P2/17.

We would like to emphasize that:

- your participation is entirely voluntary;
- you are free to refuse to answer any question;
- you are free to withdraw at any time.

The experiment will be kept strictly confidential and will be made available only to members of the research team of the study or, in case external quality assessment takes place, to assessors under the same confidentiality conditions. Data collected in this experiment may be part of a final research report, but under no circumstances will your name or any identifying characteristic be included in the report.
